Meal between sisters interrupted

Summary

5e Rang microfic. The five Goulet sisters have a meal together.

- A translation of [Repas entre sœurs interrompu](#) by [MiaQc](#)

Marie-Louise, Marie-Christine, Marie-Paule and Marie-Jeanne are going to my house, at Marie-Luce, because I had the idea of a meal between sisters. I hope that this time everything will go well, because my sisters and I often have conflicts. And for good reason, our family is always getting into trouble. Between my husband Guy's death, who had dealings with the local Italian mafia, Marie-Jeanne, who worked with them to sell pot and drugs, Marie-Paule who almost married a serial killer, family secrets, etc., it's a lot to digest. A true soap opera! Despite everything, the meal goes without a hitch. That is until the phone rang. It was Charles, my new husband. He's worried because he can't reach Reginald. He also looked for him, but he couldn't find him. I sigh, then say I'll help him and hang up. I tell my sisters to continue the meal without me and I leave the house.
